WORK EXPERIENCE

APS&C Multan

Apr 2020 - May 2021

Headboy Senior Section

I had been appointed Head Boy in the second year of my intermediate, I've always great interest in event management, I used to work to the best of my abilities to ensure smooth event executions, I was the key organizer for most of the events held at our college, I've organized trips, debate competitions, sports activities, concerts and alot more extra curricular activities, Being the Headboy I was the main communicator between the faculty and the students, I've always made sure that the instructions given by the worthy faculty are clearly and eloquently forwarded to my fellow students, Also, I represented my fellow students in regard to any issues they'd been facing, whether they were related to studies or anything other than that.
